SINAGOGA LORCA / SYNAGOGUE

Murcia and Cartagena are the two jewels in the province; two open cities to visitors which offer the possibility of discovering the variety and richness of its culture, gastronomy and leisure. Walking around Murcia, the capital of never ending spring, and discover the Baroque façade of its cathedral or visiting Cartagena, a city with more than 3,000 years of history, are some examples of its National Heritage. Both cities offer a wide variety of accommodation and seaside and rural hotels. 19 degrees of average annual temperature takes life to its streets and squares where you can enjoy a lively night life or different style music festivals. There are 22 high standard golf courses near the city, 35 Km away. They have put Murcia on the European map. Jack Nicklaus, Dave Thomas and Severiano Ballesteros are some of the professionals that have assisted in the design and architecture of different golf courses. First, they have contributed with their experience as players and later, as designers. These 22 golf courses are the result of combining knowledge, strength and above all, passion for golf. Complementing these golf courses and the golf offer, Murcia with its 300 sunny days a year and average temperature of 19°C also offers a wide variety of services and facilities. There are Club Houses with restaurants where you can taste its fantastic gastronomy, academies with excellent professionals equipped with the latest technology to improve the game, tennis and padel courts, gyms and spas. These are high quality facilities designed to make the dream of good golf, rest and relax become true when staying in luxury apartments and villas with views to the green or to fantastic hotels.
